Mother's Day
School Nutrition Program

East Irondequoit Central School District

2350 East Ridge Road
Rochester, NY 14622

The East Irondequoit School Nutrition Department knows from many studies that students who eat a nutritious breakfast and lunch perform better academically, have better attendance, sharper focus, and fewer disciplinary problems than children who skip meals. We’ve designed our breakfast and lunch programs to provide the right nutrition that our growing students need!

IMPORTANT INFORMATION FOR SCHOOL MEALS FOR School Year 22-23

The Federal Government and USDA allowed schools to serve free meals to all students during the pandemic under emergency feeding waivers. Congress did NOT pass the bill to extend these benefits for the upcoming school year. Families that are eligible for free or reduced-price meals MUST apply to receive them. All other students will pay full price for their meals.

Breakfast at School? What a Great Idea!

It is a well-known fact that students who eat a good breakfast perform better academically. That is why we in the East Irondequoit School Nutrition Department prepare breakfast for students at every grade level.

Breakfast Meals are available daily and will offer a variety of items each morning to include hot or cold breakfast items. Breakfast meals also include a variety of fresh fruits, juices, and milk to choose from.

Full price breakfast for all grade levels is $1.65.

Every student that is eligible for free lunch is also eligible for free breakfast. Please Note- you must fill out a Free and Reduced Meal Application to determine your eligibility.

School Lunch at East Irondequoit

Over the past several years school nutrition programs have made significant efforts to provide nutritious school lunches including increasing offerings of fresh fruits, vegetables, whole grain foods, and low-fat dairy; using alternative preparation techniques, such as replacing deep-fried foods with baked foods and using healthier cooking oils as well as placing limits on the fat, sugar, and caloric content of foods sold through school food service.

At our elementary schools: We provide customized menus based on student preferences, age specific nutritional needs and calorie values. Children will find many familiar, favorite foods and a variety of new entrees, as well as additional daily choices like PB&J, yogurt, bagel, and fresh fruits and vegetables. Each meal will also include the option to choose from a variety of fresh fruits and veggies and a choice of Milk (1%, Fat-free and Fat Free Chocolate) and 100% fruit juice.

At our Secondary Schools: We will see an evolving menu, offering new sandwiches and wraps, an assortment of delicious entree salads, and fruit and yogurt parfaits. We also incorporate vegetarian options and substitutions into our daily menu as well. We will try many new menu features and ask students for their opinions, so that we can create a menu that fills the nutritional needs of our secondary students with foods and flavors they want and enjoy, in portion sizes that satisfy. Each meal will also include the option to choose from a variety of fresh fruits and veggies and a choice of Milk (1%, Fat-free and Fat Free Chocolate) and 100% fruit juice.

Student Meal Prices

Full Priced Elementary Lunch - $2.80
Full Priced Secondary Lunch - $3.00

Free and Reduced Lunch is available for those students whose families meet eligibility guidelines and by filling out a Free and Reduced Lunch Application.

School Nutrition Program Prepayment Options

Each student at East Irondequoit has a School Nutrition debit account into which parents or guardians can deposit money for meals, snacks, and drinks. We recommend that families use student accounts to avoid the necessity for students to carry cash and for the convenience of pre-paid purchasing.

We strongly encourage families to utilize our new free “cashless” system by Titan- A LINQ Solution. It is the safest, healthiest, and easiest way to pay for your child’s purchases in the cafeteria. This is a new cloud-based software that will have the money transferred and available for use immediately. You will no longer have to wait 3-5 business days for the money to appear in your student’s account.

Once online, you can use your credit card to deposit funds or set up recurring payments in student accounts in any amount. Parents can also review purchase histories and set up low balance e-mails for themselves through Titan’s Family Portal. Look for the free Titan Family Connect “APP” from both Google Play and the Apple App store.

We still accept cash or checks you send with your student, to deposit with the cashier in the school cafeteria. You can mail a check (payable to “E.I. School Nutrition”) to the EI School Nutrition Office, 2350 East Ridge Road, Rochester 14622. Please include your student's name and any instructions for deposit.

Call us with any questions you may have at 339-1577.

Our Menus Have Gone Digital!

Check out our NEW Menu Software! Visit family.titank12.com or the Menu Link on the East Irondequoit Website. Photos, descriptions, and even nutritional information for school menu items are available through this free service.

I Forgot My Lunch!

It can happen to anybody…. you get to school and realize your packed lunch is still at home, sitting on the kitchen counter. Or you check your pockets for lunch money and find only lint! Students in Grades Pre-K-12 will be given a meal and the respective cost will be added to their account. Payment must then be made the following day. The National School Lunch Program does not allow charges to the program.

We look forward to having your students dine with us!

For questions regarding free and reduced meal applications, please contact Peggy Shone at 585-339-1577.

For any other questions or information please contact Laurel Presher, School Nutrition Director at 585-339-1575.

Dear Parent/Guardian:

Children need healthy meals to learn. East Irondequoit CSD offers healthy meals every school day. Breakfast costs $1.60 for both Elementary and Secondary. Lunch costs $2.80 Elementary and $3.00 Secondary. You will be billed any amount you are financially responsible for at the end of each month. If you do not have enough money to pay for lunch at the time, include it, but do not include it if you only work overtime sometimes. If you have lost a job

1. WHO CAN GET FREE MEALS?凡 children in households receiving benefits from Medicaid, SNAP, the Food Distribution Program on Indian Reservations or TANF, can get free meals regardless of your income. Categorical eligibility for free meal benefits is extended to all children in a household when the program limits an Assistance Program’s case count for any household member. Also, your children can get free meals if your household’s gross income is within the free limits on the Federal Income Eligibility Guidelines. Children with children who are legally eligible through an Other Source Categorically Eligible designation, as defined by law, may be eligible for free benefits and should contact the SFA for assistance in receiving benefits.

3. CAN FOSTER CHILDREN GET FREE MEALS? Yes, foster children are considered part of the foster family, and therefore are eligible for free benefits. However, only the foster child(ren) in the household should contact the school.

4. CAN HOMELESS, RUNAWAY, AND MIGRANT CHILDREN GET FREE MEALS? Yes, children who meet the definition of homeless, runaway, or migrant qualify for free meals. If you haven’t been told your children will get free meals, please call or email Jim Vallone, 585-339-1299 or email Jim_Vallone@eastiron.monroe.edu to see if they qualify.

5. WHO CAN GET REDUCED PRICE MEALS? If your children are approved as reduced price eligible if your household income is within the reduced-price limits on the Federal Eligibility Income Chart, shown on this letter. Beginning July 1, 2019, students in New York State that are approved for reduced-price school meal benefits will get breakfast and lunch meals and snacks served through the Afterschool Snack Program at no charge.

6. SHOULD I FILL OUT AN APPLICATION IF I RECEIVED A LETTER THIS SCHOOL YEAR SAYING MY CHILDREN ARE APPROVED FOR FREE MEALS? If you now receive SNAP, Temporary Assistance to Needy Families (TANF) or FDPIR, the application must include the children’s names, the household SNAP, TANF or FDPIR case number and the signature of an adult household member. All children should be listed on the same application. If you do not list a SNAP, TANF or FDPIR case number for any household member, the application must include the names of everyone in the household, the amount of income each household member, and how often it is received and where it comes from. It must include the signature of an adult household member and the last four digits of that adult’s social security number or other valid form of identification. If you do not have a social security number, you may sign the application.

7. Income Exclusions: The value of any childcare provided or arranged, or any amount received as payment for such childcare or reimbursement for costs incurred for such care under the Child Care Services for your SNAP or TANF case number or complete the income portion of the application. No application is necessary if the household was notified by the SFA your children have been directly certified. If the SFA did not tell sure if your children have been directly certified, the household should contact the school.

Reimbursement: The benefits that you are approved for at the time of application are effective for the entire school year and up to 30 operating days into the new school year (or until a new eligibility determination is made, whichever comes first). You no longer need to report changes for an increase in income or decrease in household size, or if you no longer receive SNAP.

Income Exclusions: The value of any childcare provided or arranged, or any amount received as payment for such childcare or reimbursement for costs incurred for such care under the Child Care Development (Block Grant) Fund should be considered as income for this program.

Reduced Price Eligible Students: Beginning July 1, 2019, students in New York State that are approved for reduced price meals will receive breakfast and lunch meals at no charge.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or disability

Meal Service to Children with Disabilities: Federal regulations require schools and institutions to serve meals at no extra charge to children with a disability which may restrict their diet. A student with a disability is defined in 7CFR Part 15b.3 of Federal regulations, as one who has a physical or mental impairment which substantially limits one or more major life activities of such individual, such as the ability to perform such household, find a job, or perform other major life activities. Federal regulations exclude children who have 15. We are in the military. Do we include our housing allowance as income? If you get an off-base housing allowance, it must be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income.

16. My spouse is deployed to a combat zone. Is her combat pay counted as income? NO! If the combat pay is received in addition to her basic pay because of her deployment and it wasn’t received before she was deployed, combat pay is not counted as income. Contact the School Nutrition Director.

17. My family needs more help. Are there other programs we may apply for? To find out how to apply for SNAP or other assistance benefits, contact your local assistance office or call 1-800-342-3009.

All EICSD Buildings Closed at 6 pm

**Tentative Schedule**
Public Use of School Facilities

Community organizations or other groups that wish to use East Irondequoit school buildings and school grounds can contact individual schools or the school district’s business office for more information. School main office phone numbers are listed in the directory on the final page of this publication. The business office can be reached through the district offices at 339-1260.

Any individuals or organizations interested in using school facilities need to fill out an application form, which is available at district schools and at the district’s main office. Costs and insurance requirements for use of school facilities are based on the type of facility needed and the length of time requested.

Mailing Practices for School District Publications

Our district calendar is combined with the parent information guide to create one publication. The School Calendar/Parent Guide will be mailed only to households with students currently attending our schools. By doing so, we greatly reduce production costs. Publications, such as the "Lancer Pride" newsletters, will still be mailed equally to all residents.

Residents with preschool or school-age children that have not received a copy of the School Calendar/Parent Guide this August, or those who do not have children but would like to receive a calendar, please contact the school district’s Communications Office at 339-1234 or email Communications@eastiron.monroe.edu.

Any residents who do not wish to receive district newsletters and other publications in 2022-23 can contact the Communications Office at 339-1234 to request that their address be removed from mailing lists. All residents will continue to receive budget information and other legally required notifications.

Release of Directory Information

The following is considered directory information which can be made public without prior consent from the parent of students under 18 years of age or a student who is 18 years or older: parents’ and students’ photographs, video images, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height (if members of athletic teams) degrees and awards received, and the name of the educational agency or institution previously attended by the student. Such information usually is released to publicize students’ academic achievements and participation in school activities through photographs and articles in district newsletters and on the district’s website, videotaped programs and releases to newspapers, including photographs and written articles.

Board of Education Policy 3250 provides for release of lists of names, addresses, and/or telephone numbers of parents, students, or other residents, unless such lists would be used for commercial or fundraising purposes. Telephone numbers and addresses of employees will not be released.

Any individual may request in writing that any or all directory information related to students and/or information on any lists related to the individual or the individual’s family not be released. Direct requests to the Assistant Superintendent for Instruction, East Irondequoit Central School District Administrative Offices, 600 Pardee Road, Rochester, New York, 14609, no later than September 8, 2020.

Notification to Parents

Pursuant to the federal No Child Left Behind Act, the school district must disclose to military recruiters and institutions of higher learning, upon request, the names, addresses and telephone numbers of our high school students. However, the district must also notify parents--and students who are at least 18 years old--of their right to request, in writing, that the district NOT release such information if it is requested.

Parents or students who are at least 18 years old, wishing to exercise their option to withhold their consent to the release of the above information to military recruiters and institutions of higher learning, must send a written request to the Assistant Superintendent for Instruction, East Irondequoit Central School District Administrative Offices, 600 Pardee Road, Rochester, NY 14609, no later than September 7, 2022.

Student Records

Student records, with the exception of directory information, are not open to the general public without written consent, although they may be made available to various persons, institutions, including other schools the student intends or seeks to attend, or agencies, for specific reasons related to the student or the school system. Parents of students under 18 years of age can inspect and review their children's records. If parents, or students over 18, believe that any record is wrong or misleading or violates the student's rights, they may ask the district to amend the record and may have a hearing held to present evidence about the record if they wish. The district will provide copies of a student's record to the parent or student over the age of 18.

The district has adopted Policy 2030 and Regulation 2032 regarding student records. Individual copies of that policy and regulation are available at the Administration Offices, 600 Pardee Road. Anyone who believes the district has violated the federal laws governing student records may file a complaint with the federal government by writing to: The Family Policy and Regulations Office, U.S. Department of Education, Washington, D.C. 20202.

Policy on Sexual Harassment

This policy was adopted by the East Irondequoit Board of Education and is published annually in this publication in accordance with State Education Law.

Students

The Board of Education recognizes the right of all students within the school district to a learning environment that is free from all forms of sexual harassment. The Board also prohibits any retaliatory behavior against complainants or any witnesses. Any conduct of a sexual nature between district employees and students is strictly prohibited.

Sexual harassment of a student by their peers includes all unwelcome behavior of a sexual nature which is either designed to extort sexual favors or which has the purpose or effect of creating an intimidating, hostile, or offensive school environment. Sexual harassment can originate from a person of either sex against a person of the opposite or same sex. Specific procedures on reporting, investigating and remedying allegations of sexual harassment can be found in Policy 3140. All students will be informed of this policy annually at orientation meetings to be held at the 7-12 level. K-6 students will be informed of this policy by their classroom teacher as developmentally appropriate. A copy will be distributed to all secondary students and placed in appropriate handbooks.
**DISTRICT POLICIES**

**Employees**

Any conduct of a sexual nature between district employees and students is strictly prohibited. Sexual harassment includes all unwelcome behavior of a sexual nature which is either designed to extort sexual favors from an employee or which has the purpose or effect of creating an intimidating, hostile, or offensive working environment. Sexual harassment can originate from a person of either sex against a person of the opposite or same sex.

Specific procedures on reporting, investigating, and remedying alleged complaints of sexual harassment can be found in Policy 5020. All faculty and staff will be informed of this policy annually at a general meeting held at the building level. A copy will be distributed to each member and placed in the appropriate handbook.

New employee orientation will include distribution and discussion of this policy.

**Internet Use Procedure**

Acceptance: Use of the Internet as part of the educational program at East Irondequoit Central School District is a privilege. We ask that our students, teachers, administrators, staff, and community members read and abide by our Internet Acceptable Use Policy.

As part of our infusion of technology into the curriculum, students at all levels may have opportunities throughout the school year to work on learning activities using the Internet. The school district maintains its own website at: www.eastiron.org. Teachers may showcase student work on the district website. The anonymity of students is always maintained.

If you do not want your child to be involved in activities surrounding the Internet, please send a letter indicating this to your school main office.

Consequences: In cases where the guidelines set out in the Information Technology Acceptable Use Policy and the limitations set forth in these procedures are suspected of not being met, the user(s) shall have his/her Internet connection rights immediately suspended at the discretion of the Superintendent or the Superintendent designate. The matter shall be handled pursuant to District Disciplinary Policy.

Suspected misuse of the Internet connection shall be immediately reported to the school principal or his designee. The principal or designee will, in turn, notify the parent(s) if the suspected misuse involves a student and review the specifics of the case. After reviewing the details of the case, the principal or designee will make a recommendation. Revised 6/3/15

**EICSD Parent and Family Engagement Policy**

The District strongly encourages parent and family member engagement in all school programs. The District believes that a partnership between school and parents/families is essential for the success of all students in every aspect of their education.

The District and the Title I Coordinator will work to involve parents and families in the development of all Federal and State grants. The District will work with the PTA/PTSA units to identify parent/family representatives from each school to meet at least once a year with the Title I Coordinator to review the Title I program. Through District and Building Level Site Based Teams, parents and family members also will participate in the process for developing either a comprehensive or targeted “support and improvement plan” when the school’s child attends is identified by the State as needing this plan.

Through coordinated efforts by the Office of Instruction, building principals, Site Based teams and PTA/PTSA Representatives, the District will assist all schools in planning and implementing effective parent/family involvement activities to improve student academic achievement and school performance. Various assessment tools, effective practices information and resource support programs for parents/families will be used to implement these activities.

The District will send information to parents/families in a language format intended to be understood by all parents/family members.

The District will support parents/family members in understanding State and local academic achievement standards and assessments as the Districts’ Title I requirements. The District will provide materials and training to help parents/families improve their children’s academic, social and emotional growth through literacy training, technology use and understanding of learning styles, strategies, health and safety issues.

With input from parents/families, the District will provide professional development for all District staff regarding parent/family engagement. Examples of professional development may include how to reach out to, communicate with, and work together as equal partners with parents/families, ways to implement parent/family programs, and how to build home school relationships.

**Report a Possible Data Security Incident**

Parents, eligible students (at least 18 years of age or attending a postsecondary institution at any age), principals, teachers, and employees of an educational agency may file a complaint about a possible data security incident or improper disclosure of student data and/or protected teacher or principal data. A privacy complaint may be made using the online form or by mailing the form to the district’s Data Protection Officer at East Irondequoit Central School District.

Education Agencies are required by Ed Law 2D, Part 121.4 to report their findings of this investigation within 60 calendar days of the initial report.

**Annual AHERA Notification**

According to the Asbestos Hazard Emergency Response Act (AHERA), each school system must notify the public of inspections, response actions, periodic surveillance and re-inspection activities on an annual basis. This is to inform you that AHERA Compliance Management Plans are available for public inspection in the Building and Ground’s office of the East Irondequoit Central School District. These documents include the Inspection Reports, Re-inspection Reports and the Management Plan. Requests to view these may be made Monday through Friday during regular school hours. Inspections of Asbestos Containing Material (ACM) are made by each school every six (6) months. Every three (3) years, re-inspection is conducted by a Certified Asbestos Inspector/Management Planner.

Eastridge Dollars for Scholars Foundation Chapter

A chapter of Dollars for Scholars, a national scholarship program, has been formed to raise funds to provide scholarships for Eastridge graduates. Dollars for Scholars, a program of Scholarship America, is a national network of community-based, volunteer-operated scholarship foundations in cities, towns, and neighborhoods throughout the nation.

The Dollars for Scholars board is made up of educators and is an all-volunteer organization.

All funds raised are used for scholarships, and there are no administrative costs. Scholarships are awarded based on criteria set by the specific scholarship sponsors, along with input from teachers and counselors at Eastridge High School. Applications are received and awards are made on the basis of merit, extracurricular involvement, and awards and honors earned.

For further information, visit the Dollars for Scholars website, www.eastiron.org/eh/page/scholarships, or call 339-1450.

East Irondequoit Educational Foundation

The East Irondequoit Educational Foundation is a volunteer organization that focuses on fundraising for special projects outside the scope of the school district budget and for scholarships that benefit all East Irondequoit students. Please call the district Communications Office at 339-1200 with any questions, or check the website for informational links, www.eastiron.org/page/alumni.

PARENT INVOLVEMENT OPPORTUNITIES

The All-Sports Booster Club

The All-Sports Booster Club helps promote and support the athletic program. The club sponsors activities during the year that include raffles and concessions at home sporting events.

Funds raised are used to purchase equipment and supplies not included under the budget and also to purchase awards for the year-end banquet. The club invites parents and residents to take part in activities during the coming year.

For further information, contact the Athletic Office, 339-1490.

Parent-Teacher Associations (PTA)

In each East Irondequoit school, a parent-teacher association works to promote the welfare of children in the home, school, and community. For more information, see the district website, www.eastiron.org.

Parents for Music

Eastridge Parents for Music (EPFM) is a dedicated group of parents and volunteers who provide support to the music departments throughout our district. School Based Planning and Shared Decision Making (Site-Based) Teams

School based planning and shared decision making is a way to give teachers, parents and others a chance to sit down together to make some of the decisions that affect schools. The term “site-based” team is used frequently to refer to these planning groups.

Each school has a team, with members selected by “peer” groups such as teacher associations and parent-teacher associations. A district-wide team serves as a communications link with the Board of Education and the individual school team and supports school teams as needed.

If you have questions about school-based planning and shared decision-making, contact the principal at the school(s) your child(ren) attend or call the district at 339-1200.

East Irondequoit investigates all situations in which residency is not properly documented and will prosecute to the fullest extent of the law any violations of the residency policy. The district urges residents to report questionable residency situations to the Registrar’s Office immediately at 339-1213.

**Ninth Grade Academy**

All ninth grade students at Eastridge High School attend the ‘Ninth Grade Academy,’ based in the eastern wing of the school. The separate space allows students to make a more gradual transition from middle to high school.

Students are based for all of their day in the academy areas, and share the library, cafeterias, auditorium and other support areas with students in grades 10-12. Ninth grade students also have access to advanced courses offered to students in grades 10-12.

The academy also is staffed by a team of teachers, drawn from the 9-12 high school staff, who work together to support students, in line with adolescent developmental needs.

The academy prepares students for the IB Diploma Programme, Advanced Placement courses, the Project Lead the Way Program and MCC courses. For more information, contact Tim Heaphy, Principal of Eastridge High School, 339-1458.

**Eastridge High School Schedule**

Eastridge will follow an eight-period (forty-two minute) four-day schedule. Students take up to seven and a half credits per year. Most courses run for a full year and meet every day, except physical education/dance, which meets two out of four days, and science which has an extra lab period once every four days. Students who are in extension periods also have an extra period of instruction for certain courses once every four days.

There are three different lunch periods that last about a half hour. A brief homeroom (announcement period) takes place after second period. For more information, contact Doreen Goossen at 339-1455.

**The International Baccalaureate Programme at Eastridge High School**

**IB Diploma Programme:** The International Baccalaureate Programme (IB) is a two-year, advanced program of study for students in their final two years of high school. This program combines an interdisciplinary study of humanities, sciences, and the arts with a service component and extended research paper. Taken as an entire program, or simply a single course as an elective, the goal of IB is to provide students with a curriculum that encourages international-mindedness, citizenship, and a thirst for knowledge. Students will learn valuable lessons in time management and may even earn college credit. With motivation as its core requirement, IB provides Eastridge students a curriculum set against an international standard.

**IB Career- Programme (IBCP):** The IBCP is a separate, but related offering from the IB Diploma Programme. It offers students engaged in Project Lead the Way the chance to participate in relevant elements of an IB education through the selection of Diploma Programme courses and a unique core. One of the program's main goals is to reduce the “academic versus vocational” divide. The IBCP prepares our students for the ever changing world of work and higher education.

**College-level Learning Opportunities**

Eastridge High School students can take advantage of college-level learning opportunities that include Advanced Placement (AP) courses, MCC dual enrollment courses, Project Lead the Way and International Baccalaureate (IB) courses. Advanced Placement and International Baccalaureate courses are offered at Eastridge in many subjects. Students who succeed on AP and IB examinations may be eligible to receive credit at the college they attend, based on the policies of the individual college or university and the college program they are in. Dual enrollment courses are offered in conjunction with Monroe Community College and RIT. Students receive high school and college credit for these courses. For more information on these opportunities, students may consult with their counselor.

**Advancement Via Individual Determination (AVID) Grades 6-12**

AVID targets students in the academic middle, who have the desire to go to college and the willingness to work hard. These are students who are capable of completing rigorous curriculum but are falling short of their potential. Typically, they will be the first in their families to attend college. An interview selection process is required to be a candidate for the AVID program. They are expected to also take college level IB, AP, or Project Lead the Way courses during their junior and senior years.

**Vocational Training Programs**

East Irondequoit students can develop skills needed for basic entry into a variety of fields through the Eastern Monroe Career Center at Monroe No. 1 BOCES, Fairport. Programs offered range from medical careers to automotive repair. Counselors will help students make plans and arrange their schedules to take advantage of these programs. For students to take part in EMCC courses during their junior and senior years, they must have successfully completed their required freshmen and sophomore credits at Eastridge. For further information, students can contact the Counseling Center at 339-1455.

**College Entrance Test Information/Schedules**

Students may register for the Scholastic Aptitude Tests (SAT) and the American College Test (ACT) assessment program on the website at www.collegeboard.org or www.act.org.

Please review the SAT, ACT, and PSAT schedule shown below.

Students are encouraged to take the SAT for the first time in the spring of their junior year, with the option to take the test for a second time in the fall of their senior year. Students who do not take the SAT as juniors should plan to take the test in the fall of their senior year. Please contact your counselor for more information on these important tests.

The ACT assessment includes Reading, English, Math and Science Reasoning. An optional ACT writing assessment also is available. Students may register online for the SAT at www.collegeboard.org, and at www.ACT.org for the ACT.

All college bound juniors are highly encouraged to register to take the PSAT, which will be given at Eastridge High School on October 12, 2022. For more information contact the Counseling Center at 339-1455.

Students are encouraged to take the SAT more than once, if they wish to improve on previous scores. Research shows that practice and familiarity with this form of testing leads to improved test scores.

The Board of Education’s policy is that a transportation system be established and maintained in a safe, efficient and economical manner. Transportation service for students to public, private and parochial schools, subject to change by the voters of the District as provided by law, will be as follows:

- Grades K-5, who live more than one-quarter of a mile from school;
- Grades 6-8, who live more than three-quarters of a mile from school;
- Grades 9-12, who live more than one mile from school.

These transportation levels represent a mandated service under state laws. In accordance with State Education Law, the district provides transportation for students who live within 15 miles of the out-of-district private, parochial or charter schools which they attend.
STUDENT TRANSPORTATION RULES AND GUIDELINES

Requests for transportation to private, parochial and charter schools must be submitted in writing to the Transportation Department no later than April 1 preceding the beginning of the next school year, or within 30 days after establishing residency. No late requests by a parent or guardian for transportation shall be denied where a reasonable explanation is provided for the delay and the transportation can be provided at no additional cost.

Mileage is calculated from the student’s home (at the intersection of the front walk or driveway, whichever is closer to the school, and the road that services the home) and the nearest entrance of the school for elementary students, to the main entrance of East Irondequoit Middle School for middle school students, and to the main entrance of Eastridge High School for high school students. Mileage is computed on the basis of the shortest distance between home and school along public roads or private roads that meet district standards.

The travel distances to pick-up points are as follows:
- K-5 students will not be required to travel more than 1/4 mile to the bus stop;
- 6-8 students will not be required to travel more than 3/4 mile to the bus stop;
- 9-12 students will not be required to travel more than 1 mile to the bus stop.

Child Care Transportation
The district will provide transportation for children from kindergarten through eighth grade, from child day care locations to schools, and from schools to after-school child care locations. Transportation will be provided equally under the following guidelines:
- The school and child care location must be located within the district and within the attendance area.
- Request must be received by July 15 for the next year or within 30 days of moving into the district.
- Home to school, school to afternoon child care, or morning child care to school qualifies for transportation under district policy for the school the child attends.
- The district restricts transportation service to child care locations within the attendance zone of the student’s school for child care locations not registered under Section 390 of the Social Services Law.
- Parents/guardians must submit any requests for changes in their children’s transportation schedules in writing one week before the change is due to take place.
- The district will not make changes in transportation initiated by a phone contact. The district must receive requests for changes in transportation arrangements in writing from the parent or guardian. Please allow a minimum of one week to make the change.

Getting to the Stop: Students are expected to be at the bus stop five minutes before the bus stop time. In the discussion of students getting to the bus stop, no assumptions are made about how students will travel to the stop. Students are not told to “walk” to bus stops, because there are any number of ways for them to get to the stop—including parents driving them there. Parents are responsible for assisting children in getting to the stop and home from the stop. The district is not required to provide a protected corridor from students’ homes to the bus stop any more than it is to provide that service for students who do not ride buses and must travel from home to school.

Drivers will only wait one complete minute past the scheduled pick up time before continuing on their route.

Student Transportation – Audio/Video Cameras: Audio/Video cameras have been installed on district buses. These cameras are intended to identify individuals who may pose a security or safety problem on the bus. Elementary public school students do not need passes.

### EAST IRONDEQUOIT CENTRAL SCHOOL DISTRICT CODE OF CONDUCT (ABBREVIATED)

**Introduction**

As a result of the Safe School Legislation, which mandates that, “All school districts shall adopt and implement a written policy on school conduct and discipline,” this has been developed. It is designed to promote responsible student behavior and was written in consultation with students, parents, teachers, administratoRs and other school service professionals.

It is the belief of the East Irondequoit Central School District that everyone in the school community must play a role in contributing to an orderly school environment. Further, we believe that an orderly school environment requires a code of conduct that clearly defines individual responsibilities, categorizes unacceptable behavior, and provides for appropriate disciplinary responses. With this in mind, the following material has been developed. Please refer to the district website for the complete “Code of Conduct.”

**Appropriate and Acceptable Behavior of Students**

The East Irondequoit Central School District deems “appropriate and acceptable” conduct as actions in which students are deemed in good standing. The following are examples of “appropriate and acceptable” behavior:

1. Display academic honesty and integrity.
2. Respect the rights of others, including the right to secure an education in an environment that is orderly and disciplined.
3. Attend school on a regular basis and be punctual at all times.
4. Recognize the authority of teachers, staff, and administrators to govern behavior and discipline students when at school, as well as during any school-sponsored activities.
5. Contribute toward establishing and maintaining an atmosphere that generates mutual respect and dignity for all. This includes conducting themselves in a manner that fosters an environment that is free from intimidation, harassment, discrimination and/or retaliation as defined in this Code, and to report and encourage others to report any incidents or intimidation, harassment, discrimination and/or retaliation.
6. Respect school property and help keep it free from damage.
7. Obey school regulations and rules made by school authorities.
8. Complete class assignments and other responsibilities by established deadlines.
9. Show evidence of appropriate progress toward meeting course and/or diploma requirements as reflected in grade reports.
10. Become familiar with this code and seek interpretation of parts not understood.

**Questions? Please call 339-1526**
It is the responsibility of each parent/guardian to know and support these rules.

**Statement of Overall Objectives**

School attendance is both a right and a responsibility. The School District is an active partner with students and parents in the task of helping all students meet or exceed the New York State Learning Standards. Because the School District recognizes that consistent school attendance, academic success and school completion have a positive correlation, the School District will develop, review and, if necessary, revise a Comprehensive Student Attendance Policy to meet the following objectives:

A) To increase school completion for all students;
B) To raise student achievement and close gaps in student performance;
C) To identify attendance patterns in order to design attendance improvement efforts;
D) To know the whereabouts of every student for safety and other reasons;
E) To verify that individual students are complying with education laws relating to compulsory attendance;
F) To determine the District’s average daily attendance for State aid purposes.

**Description of Strategies to Meet Objectives**

The School District will:

A) Create and maintain a positive school building culture by fostering a positive physical and psychological environment where the presence of strong adult role models encourages respectful and nurturing interactions between adults and students. This positive school culture is aimed at encouraging a high level of student bonding to the school, which in turn should lead to increased attendance.
B) Maintain accurate recordkeeping via a Register of Attendance to record attendance, absence, tardiness or early departure of each student.
C) Utilize data analysis systems for tracking individual student attendance and individual and group trends in student attendance problems.
D) Develop early intervention strategies to improve school attendance for all students.

**Determination of Excused and Unexcused Absences, Tardiness and Early Departures**

Based upon our District’s education and community needs, values and priorities, the School District has determined that absences, tardiness and early departures will be considered excused or unexcused according to the following standards. See attached attendance code description.

A) Excused: An absence, tardiness or early departure may be excused if due to personal illness, illness or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, obtaining learner’s permit, road test, approved cooperative work programs, military obligations or other such reasons as may be approved by the Board of Education.
B) Unexcused: An absence, tardiness or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (including but not limited to, family vacation, hunting, babysitting, haircut, oversleeping, etc.).

**Student Attendance Recordkeeping/Data Collection**

- The record of each student’s presence, absence, tardiness and early departure shall be kept in a register of attendance in a manner consistent with Commissioner’s Regulations. An absence, tardiness or early departure shall be entered as “excused” or “unexcused” along with the District code for the reason.
- Attendance shall be taken and recorded in accordance with the following:
  A) For students in non-departmentalized kindergarten through grade five (i.e., self-contained classrooms and supervised group movement to other scheduled school activities such as physical education in the gym, assembly, etc.), such student’s presence or absence shall be recorded after the taking of attendance once per school day.
  B) For students in grades six through twelve or in departmentalized schools at any grade level (i.e., students pass individually to different classes throughout the day), each student’s presence or absence shall be recorded after the taking of attendance in each period of scheduled instruction except that where students do not change classrooms for each period of scheduled instruction, attendance shall be taken in accordance with paragraph “a” above.
  C) Any absence for a school day or portion thereof shall be recorded as excused or unexcused in accordance with the standards articulated in this policy.
  D) In the event that a student at any instructional level from kindergarten through grade twelve arrives late for or departs early from scheduled instruction, such tardiness or early departure shall be recorded as excused or unexcused in accordance with the standards articulated in this policy.

A record shall be kept of each scheduled day of instruction during which the school is closed for all or part of the day because of extraordinary circumstances including adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of or damage to a school building, or such other cause as may be found satisfactory to the Commissioner of Education.

At the conclusion of each class period or school day, all attendance information shall be compiled and provided to the designated school personnel who are responsible for attendance. The nature of the absence, tardiness or early departure shall be coded on a student’s record in accordance with the established District/building procedures.

**Student Attendance**

The District believes that classroom participation is related to and affects a student’s performance and grasp of the subject matter and, as such, is properly reflected in a student’s final grade. For purposes of this policy, classroom participation means that a student is in class and prepared to work.

Consequently, for each marking period a certain percentage of a student’s final grade will be based on classroom participation as well as the student’s performance on homework, tests, papers, projects, etc. as determined by the building administrator and/or classroom teacher.

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, unexcused student absences, tardiness, and early departures will affect a student’s grade, including credit for classroom participation, for the marking period.

**Incentives**

Each school, where administration deems appropriate, may develop positive student incentives to encourage good attendance. Likewise, the district may also choose to design and implement systems that acknowledge a student’s effort to maintain or improve school attendance.

Examples of Incentives:

A) Community donated gifts are given or raffled to students who meet attendance standards.
B) Students who meet the attendance standard can eat in a special area or with a special person in the school.
C) Field trip arranged for students who meet the attendance standards.
D) Participation in extra curricula activities for the students who meet attendance standards.
E) Recognition award for 100% attendance each term.
F) Students with perfect attendance selected to park in choice locations.
G) Attendance record used when considering issuance of working papers.

**Notice of Students who are Absent, Tardy or Depart Early Without Proper Excuse**

A designated staff member shall notify by telephone the parent/person in parental relation to a student who is absent, tardy or departs early without proper excuse. The staff member shall explain the importance of good attendance and review key elements of the policy with parents related to student achievement. If the parent/person in parental relation cannot be reached by telephone, the staff member will provide such notification by...

Education Law Sections 3024, 3025, 3202, 3205, 3206, 3210, 3211, and 3213 & 8 New York Code of Rules and Regulations (NYCRR) Sections 104.1, 109.2

Disciplinary Consequences

Unexcused absences, tardiness and early departures will result in disciplinary sanctions as described in the District's Code of Conduct. Consequences may include, but are not limited to, in-school suspension, loss of parking privileges, loss of senior privileges, detention and denial of participation in interscholastic and extracurricular activities.

Parents/persons in parental relation will be notified by designated District personnel at periodic intervals to discuss their child's absences, tardiness or early departures and the importance of class attendance and appropriate interventions. Individual buildings/grade levels will address procedures to implement the notification process to the parent/person in parental relation.

Developing Intervention Strategies

In addition to the communication of the responsibilities of the students, parents and school, the implementation of incentives and the enforcement of consequences, each building administration will meet on a yearly basis to evaluate the effectiveness of their intervention programs. New interventions will be discussed and implemented with approval from the principal. All strategies utilized by each school will be summarized and sent to the Director of Student Services who will maintain a current list of all strategies used throughout the district.

Appeal Process

A parent/person in parental relation may request a building level review of their child's attendance record. Students/parents must first appeal to the principal or his/her designee, in writing, if they feel their attendance record is not accurate. The appeal must be made within five (5) days of the disputed absence. At this review, the absences will be discussed. Further appeals may be made to the superintendent (or his/her designee).

Communication of Attendance Policy

A summary of the Attendance Policy will be printed in each student handbook. Teachers will review the attendance policy at the start of each school year. Parents will be sent a copy of the Attendance Policy summary each year in the school calendar and in the parent guide. Back-to-school events and open houses will include an explanation of the policy, stressing the parent's crucial responsibility for ensuring children's attendance.

All staff will be provided with the Attendance Policy. They will be made aware of the procedures necessary for the accurate attendance recording for each class they teach. Teachers will review the policy with their students at the beginning of each school year.

Building Review of Attendance Records

The building principal will work in conjunction with the building attendance clerk and other designated staff in reviewing attendance records at the end of each term. This review is conducted to identify individual and group attendance patterns and to initiate appropriate action to address the problem of unexcused absences, tardiness and early departures.

Annual Review by the Board of Education

The Board of Education shall annually review the building level student attendance records and if such records show a decline in student attendance, the Board shall make any revisions to the Policy and plan deemed necessary to improve student attendance.

Community Awareness

The Board of Education shall promote necessary community awareness of the District’s Comprehensive Student Attendance Policy by:

A) Providing a plain language summary of the policy to parents or persons in parental relation to students at the beginning of the each school year and promoting the understanding of such a policy to students and their parents/persons in parental relation;

B) Providing each teacher, at the beginning of the school year or upon employment, with a copy of the policy; and

C) Providing copies of the policy to any other member of the community upon request.

**HEALTH AND PUPIL PERSONNEL SERVICES**

**Health Services**

The district’s health services staff works to detect and treat any health problems students may face because sound health is vital for full academic achievement. Health services staff members offer regular screening in a number of areas to supplement regular physical examinations required under state law.

As good health is vital for academic achievement, there is a School Nurse assigned to each school. The nurse will care for your child should they become ill or injured during school hours. The School Nurse is also responsible for completing yearly state-mandated screenings, and compliance with state mandates for immunizations and physical exams.

If your child needs to take medication while in school, (this includes over-the-counter medications such as Tylenol and cough drops) the following requirements must be met before it may be administered:

- Written permission from the physician AND parent
- If your physician states child can self-carry, independent Carry and Use form must be completed and signed by parent and physician with Medication Permission form. Forms can be found on district website, www.eastiron.org
- Medication in the original labeled container
- Delivery to school by an adult

State Education law requires physical exams for all new students to the district as well as students in PreK or K, 1st, 3rd, 5th, 7th, 9th and 11th. Ideally, your child’s private healthcare provider should complete these exams. If this is not possible, exams are provided by the district’s Nurse Practitioner. Should your child have any special medical issues or needs, please feel free to call and discuss them with the school nurse.

**Mandated Screenings**

The New York State Education Department requires certain screenings exams to be done on certain ages or grades of children. Vision and hearing screening will also be done in school for the grades listed above. Scoliosis screening will be done for girls in grades 5 and 7 and boys in grade 9. The New York State Department of Health (DOH) also requires that your private health care provider reports and that the school district collects information on your child’s Body Mass Index (BMI) and Weight Status Category (WSC). Any information requested by the DOH regarding BMI or WSC will not contain identification of your child. However if you do not wish to have your child’s unidentifed assessment included on the survey, please advise the School Nurse.

**Required Immunizations**

It is mandatory for all students to be fully immunized. This stipulation applies to all students, including those now attending East Irondequoit Schools and new entrants. There are no exclusions. Students will not be allowed to attend school unless the district has proof of required immunizations.

Immunizations may be obtained from family health care providers or parents may wish to take advantage of free immunizations for children under the age of 18 years offered by the Monroe County Health Department, 274-6151. Please see the school district website, www.eastiron.org, for more complete information on NYS required immunizations.

**Home/Hospital Instruction**

The district provides home/hospital instruction for those students whose health problems require prolonged absences from school. The following guidelines should be followed for the home/hospital instruction:

1) Submit requests to the student’s principal as soon as a prolonged absence is indicated.
2) The reason for the absence must be clearly documented by the family or school physician.
3) The district will make arrangements for home instruction after receiving documentation from the physician, and developing a re-entry plan for the student. For further information, contact Pupil Personnel Services 339-1252
