Grab some lunch and join us for this free educational webinar sponsored by USE Credit Union. What does it mean to be **Financially Healthy**? It is so much more than the one score everyone asks you about today – your credit score. While there are lots of ways to check this score, it's only one piece of the equation.

True financial health is based on four key components: Spend, Save, Borrow, and Plan. During the webinar you'll get a chance to confidentially determine your own Financial Health and the steps you can take to improve. Register today for the free webinar and learn more about how to become even more Financially Healthy! Once you register, a zoom link along with a handout will be emailed to you a few days prior to the event. Keep and eye out in your inbox.

According to the Consumer Financial Protection Bureau (CFPB), the definition of financial health is:

- *Being in control of day-to-day and month-to-month finances*
- *Having enough of a financial cushion or savings to absorb any unexpected expenses*
- *On track to meet personal financial goals*
- *Enjoying financial freedom without constantly worrying about money*
