## Personal Finance For College Students

You've navigated through all the college applications, made your choice, and finally made it on your way to earn your college education. You'll learn so much on this journey to earn your degree, but did you know it's also the prime time for young adults to learn about finances and plan for their future?

Join our conversation where we'll talk about credit (how to use it wisely), tools to develop a positive credit history and score, how to create and manage your own budget, ways to track spending, and options for student loan repayment. We encourage our Parent Members to register and join in as well.

*All registrants will receive a \$10 gift card from Woodstock's Pizza. Raffle prizes will be given away during the event so be sure to register today!*

This event is sponsored by the Student Alumni Association & the Aggie Parent & Family Association. Learn More [/Join SAA](#) & [APFA](#)!
